8th January 2019

Dear Parents and Carers

As part of our ongoing commitment to developing exceptional teachers at Bengeworth, we will be adopting a training platform called IRIS Connect. This system uses iPads and cloud-based media technology to make video and audio recordings, allowing teachers and professionals to collaborate and evaluate the impact of their own practice, in order to further improve their teaching skills.

I am writing to inform you that in future, Bengeworth CE Academy pupils will routinely appear in training videos that we access via the Iris Connect platform and want to reassure parents that this digital information is used responsibly and held securely. Recordings will only ever be accessed by staff for training purposes, before being permanently deleted in line with GDPR regulations.

If you would like further information about the system, details (including Safeguarding and security information) can be found on the Iris Connect website <https://www.irisconnect.com/uk/>.

Yours sincerely

David Coaché
Executive Headteacher
