## Art Gallery

Our Reception and Year 1 pupils wowed their parents last week with their stunning artwork. They have been working hard to develop their sketching and observational drawing and then carefully layering different techniques, such as wax resistant, printing, paint wash and collaging, to create their beautiful final pieces. Parents could scan QR codes to watch videos of the children explaining how they developed their techniques. We are all exceedingly proud of their efforts. Thank you to all those who were able to attend.

## Year 4 Visit London

What an amazing couple of days Year 4 spent in London! As children arrived at Trafalgar Square, gasps of amazement sounded through both coaches as we saw the sights. On the first day, the children experienced so much of Central London, and even got to see the future King of England and his wife drive past! On the second day, the experiences of the Sea Life Centre and the London Eye were incredible, and finished off with a fantastic tour around the Houses of Parliament. The children were complimented frequently on their behaviours and many memories were made. Well done Year 4, what an incredible trip, you should be proud!

Now that the weather has improved and the forecast is for hot weather we would like to remind all parents and carers that a long-lasting high factor sun cream should be applied to your child before school. Please do not send in any suncream for them to apply themselves.

Your child should also have a pre filled named water bottle in school and we strongly advise that you send your child with a sun hat.
